

## MKSC52

- 4 Contacts
- 4 switch position
- Mounting Knurled nut
- Mounting depth 70 mm
- Mounting hole 22.3 mm
- without Locking sleeve
- up to 6 mm front plate thickness

## Data

### General data

|   |                                    |
|---|------------------------------------|
| Product name                              | MKS Maintained joystick switches   |
| Standards                                 | IEC/EN 60947-5-1<br>IEC/EN 60947-1 |
| Climatic stress                           | IEC/EN 60068-2-20                  |
| Installation conditions (mechanical)      | arbitrarily                        |
| Material of the front ring                | Aluminium - anodised               |
| Material of the bellows                   | Rubber                             |
| Material thickness of the sealing bellows | 1 mm                               |
| Colour of the front ring                  | Silver                             |
| Colour of the bellows                     | Black                              |
| Gross weight                              | 150 g                              |
